Re: Cash Flow Management Group Reference

To Whom It May Concern,

I have been doing business with Art Schnitzer, and his company, Cash Flow Management Group, since 1992. Over that time period, Cash Flow Management Group has collected approximately 70% of all placements my Company has made with them, well above the Industry Average for the Third Party Collections Industry.

Cash Flow Management Group handles collections for my company, on account balances that range from \$200 to \$200,000, from Mom & Pop businesses to Fortune 500 Companies, and the company has shown their ability to collect while also preserving business relationships, if that is what I instruct them to do.

Overall, I would heartily recommend Cash Flow Management Group to any Company looking for a quality Collection Agency that handles accounts with extreme professionalism and attention to detail. They have made my job easier, and have been instrumental in helping my company keep strong Cash Flows. If you would like to contact me directly for a detailed reference, I can be reached via my contact data below.

Sincerely,
